

ASSESSMENT OF MASTER THESIS OF THE SUPERVISOR

Full name of the Student: Alexandru Lupan.....

Master Thesis Topic: How to Maintain and Keep Low and Stable Inflation in Argentina

Full name of the Supervisor: Dominik Stroukal

Full name of the Opponent: Pavla Vozárová

	Above Average	Average	Bellow Average
Evaluation the topic itself (regardless of the student):			
1.1 How actual and significant is the topic?	X	<input type="checkbox"/>	<input type="checkbox"/>
1.2 How difficult is the topic in terms of theoretical knowledge?	X	<input type="checkbox"/>	<input type="checkbox"/>
1.3 How difficult is the issue in regards to the practical experience or field work?	<input type="checkbox"/>	X	<input type="checkbox"/>
1.4 How much difficulty does the student find the reference (support) materials?	<input type="checkbox"/>	X	<input type="checkbox"/>

Verbal evaluation (a few sentences), in particular:

Point 1.4: The work is mostly theoretical and author had to use plenty of different sources.

*If necessary, other points: Although the work is mainly theoretical the author proved to
understand the topic even on practical level.*

2. Evaluation of the structure and coherence of work:

2.1 How logical and clear is the structure of the work?	X	<input type="checkbox"/>	<input type="checkbox"/>
2.2 How much does the author use current and adequate resources?	X	<input type="checkbox"/>	<input type="checkbox"/>
2.3 How much enough and functionally equipped the author of his/her work especially not-copied graphs, tables, data, attachments, etc..?	X	<input type="checkbox"/>	<input type="checkbox"/>
2.4 What is the level of compatibility between the components of the baseline of work: the topic, the entire work, the objectives, the structure and the conclusions?	X	<input type="checkbox"/>	<input type="checkbox"/>

Verbal evaluation (a few sentences), in particular:

Point 2.1: The thesis has a standard academic structure with clear question and answer.....

Point 2.4: From the name of the thesis until the very end the author guides readers and the compatibility between all parts of the work is really high.....

If necessary. other points: Author uses plenty of resources which should be appreciated.

3. Evaluation of the quality of the text of the work:

3.1 How deeply and efficiently did the author analyzed the topic? ☐ X ☐

3.2 How appropriately has the author chosen methods in relation to the topic? ☐ X ☐

3.3 Has the author formulated the goal of the work clearly and is it logically structured? X ☐ ☐

3.4 To what level has the author fulfilled his/her goals and work according to the approved thesis assignment, which is part of the goal? ☐ X ☐

3.5 How logically and well-structured are the conclusions of work and which level of added value does his/her thesis contain? ☐ X ☐

Verbal evaluation (a few sentences), in particular:

Point 3.3: The goal is clearly stated even in the very name of the thesis and repeated few times at places where it makes sense.

Point 3.4: The goal of the thesis is ambitious and author clearly knows about that. But he developed a set of tools how to find out whether he fulfilled his goal or not and it can be agreed that he did.

Point 3.5: It cannot be expected that the work will change monetary policy of Argentina but it is a good and firm contribution to the discussion.....

<i>Instructions for processors: Author of the assessment must complete a verbal evaluation of designated evaluation points for the work, which are crucial for the defense, and therefore must have adequate explanatory power.</i>

If necessary, other points:.....

4. Evaluation of the form and style of work

4.1 How if the formal adjustment of the work?	X	<input type="checkbox"/>	<input type="checkbox"/>
4.2 What is the quality of citations and references?			
Are they identifiable sources?	X	<input type="checkbox"/>	<input type="checkbox"/>
4.3 How is the stylistic level of the work, especially using the right economic terminology?	X	<input type="checkbox"/>	<input type="checkbox"/>

Verbal evaluation (a few sentences), in particular:

Point 4.2: References are standard and identifiable.

If necessary, other points: The style of the thesis is academic and it can be seen that the author has experience with reading and writing academic papers. I encourage him to continue in it.

5. Overall Evaluation (It is necessary to clarify and specify whether the work (the thesis) meets the requirements from the point of view of its content, scope, quality and other required formalities according to the methodology of the faculty of Economics. It should also be mentioned if work (the thesis) is recommended or not for, their defense. It can also be recommended for any special award or project (or something similar):

The work is overall very good in contents and formally excellent. It satisfies all the requirements and I recommend it for defense as an excellent work (with a need of an excellent defense).

6. Questions for the defense:

Do you think that the political representation (and the central bank) would agree with your position? Why?

Is there a country similar to Argentina which can be compared with it and thus analyzed as a natural experiment? Would it make sense?

<i>Instructions for processors: Author of the assessment must complete a verbal evaluation of designated evaluation points for the work, which are crucial for the defense, and therefore must have adequate explanatory power.</i>
