Comments and Questions:

The thesis deals with very interesting topic. The goal is using example of Turkey to show that generally accepted benefits from privatization may not be always reached in reality.

The thesis itself is excellent. The analysis is data based and provides reader with deep insight into real results of Turkish privatization. Survey of public opinion made by author is both relevant and interesting.

There are no relevant shortcomings in the thesis.

Questions:

1. Is there any difference between short- and long-run effect of privatization in Turkey?
2. Would you suggest nationalization of privatized companies? Explain.

Conclusion: The Master Thesis is recommended for the defence.
