## Comments and Questions:

The BT is aimed at assessing economic relations between Germany and the Czech Republic. In order not to provide a work that would extend the limit of the BT, the author concentrates on the Czech perspective of the mentioned consideration that has allowed him to provide more deep analysis of specific features of the mutual relations in trade and investment and to present a relevant case study. The BT fulfils the requirements given on this type of academic work. Questions: 1. What are the perspectives in development of the Czech and German relations? 2. Can you evaluate the trade relations between the Czech Republic and Germany from the view of value added chains?

**Conclusion: The Bachelor Thesis is recommended for the defence.**

Suggested Grade: **1**
